Not only are these kind of females hard to raise but even more difficult to find for sale. Duchess is a sharp fronted, strong topped, deep sided female with the maternal power to be a breed leader. She is a representative of the foundation cow family from the legendary Tom Hamel herd. Her dam, 482S, a solid matron with a near perfect udder has posted an avg WI of 106 and an avg YI of 108 on 3 calves to date. Her 2011 heifer calf by Game On is a definite keeper. The granddam, 333H, is still in production at SSS at 13 years of age. Duchess' sire Big Rock 85T is the \$45,000 syndicate bull from Brylor in 2009. Duchess is examined safe to Soldier 365W who's first calf crop looks exceptional at SSS. He has sold to Lazy MC, Mile High, A1 Land & Cattle (Texas).
